Notification dated 8th June 1935.

Sealed tenders for carting materials for one year or until further orders from the date of acceptance will be received in the Office of the Chief Electrical Engineer to the Government of Mysore, Bangalore, till 12 NOON on the 8th July 1935, relating to the Central Stores, Bangalore Power and Lighting, and the Superintendent of Lines, etc., as detailed below:—

Tenders should be addressed to the Chief Electrical Engineer to the Government of Mysore, Bangalore, and should be enclosed in sealed covers and superscribed as "Tenders for Carting Contract to be opened on the 8th July 1935 at 2 P.M."

Each tender must be accompanied, under separate cover, either by registered post or Money Order or personally with a deposit of Rs. 25 as otherwise the tender will not be considered.

The successful tenderer will be required to sign a contract deed and deposit the required further deposit of Rs. 75 immediately after the acceptance of his tender is intimated to him.

The rates to be tendered shall be in the accompanying form and should be entered both in figures as well as in words. The rate quoted by the contractors should be for all kinds of materials including steel or cast iron poles, creosoted baliga poles, reels and other heavy packages. When once the tender is accepted, no special rates will be allowed on any representation for special consideration.

Payment will be made on bills prepared and submitted by the contractor in specified printed forms once every month or if so desired by the contractor once a fortnight or even earlier as may be decided by mutual agreement.

Departmental help for unloading from the waggons and loading into carts will be given only in the case of wooden poles or where the packages are big and heavy and also when careful handling in the case of fragile materials is essential; in all other cases, loading and unloading of carts should be arranged to be done by the contractor himself. The decision of the Deputy Chief Electrical Engineer for all cartings done from and to Central Stores and of the Superintendent, Bangalore Power and Lighting for all cartings done in other cases for the Bangalore Power and Lighting section will be final in all cases of doubt. If the materials are not promptly carted as required either from the Railway Station or from the Central Stores or from other places, any demurrages or wharfages or haulage charges and other damages are liable to be debited to the account of the contractor at the decision of the above officers. The carting contractor should make arrangements to be in constant touch with the Superintendent of Stores at the Central Stores and the Superintendent, Bangalore Power and Lighting and should supply carts whenever called upon to do so, at the shortest notice possible.

In case of urgency or expediency, the Deputy Chief Electrical Engineer or the Superintendent, Bangalore Power and Lighting, Bangalore, will be at liberty to order to transport the materials by the departmental lorry or by hand carts kept by the department or by head-loads wherever possible and the contractor will have no claim for compensation on such accounts.

If carts are not supplied as and when required, other carts will be engaged on the spot at available rates and any extra cost incurred thereby will be debited to the account of the contractor and the contractor will have no voice to question the rates paid.

The rates for carting the balgi poles may be given separately according to the lengths of the poles irrespective of their weights.

The Chief Electrical Engineer or his representative will not bind himself to accept the lowest or any other tender and is also at liberty to accept or reject any or all the tenders without assigning any reasons therefor. He may also accept more than one tender if he thinks that there will be full work for more than one contractor.

Sl. No.	Particulars	Carting balgi or wooden poles of 30' 35', 40', and 45' per pole irrespective of the weight of each pole (rates to be given separately for poles of different lengths).	Rate per unit load of 1,500 lbs. in the case of materials other than wooden poles
